4'x8' CEDAR

The crew did a fine job of putting up our pergolas.

They were very professional.

We really haven't done anything to our backyard, this was a first and it has made a big difference in our yard.

I also would like to say that when I asked Ernie a question, he took the time to explain what they were doing and how things worked.

**GREAT JOB!** Thank you.

# ROMAN ARCH

"The pergola was delivered and setup in a timely manner. Nelson spent his time ensuring the setup was just as we asked. Even though the ground was soft, Nelson ensured that there were minimal tracks in the grassy area. He also chose the least noticeable route, again minimizing lawn damage."

Robert Counter - Ashland City, Tn.

We love our pergola. We were very impressed by the crew. The work was done in a reasonable time. No messes were left for us to clean up. Stain color was offered to us for touch-ups and future maintenance. The foreman even called after completing the job to tell us where we could purchase the stain. A totally painless and delightful experience for us.

We will definitely recommend you!

Robert & Susan Brien - Manchester, TN.

# CUSTOM BUILT VINYL PERGOLAS

"All my needs were met. If all companies had employees like you have, there would be no need for BBB. You are very lucky to have the group you have. Everyone has been very professional and helpful."  
Doug & Gloria Tomlin - Franklin, TN.

I had been searching for a long time for a pergola to give our pool area some dimension. When I drove past Old Hickory Nursery and saw the arbors there I knew I had to stop. I received prompt service with a follow up visit to insure we would get built what we asked for. Four weeks later they showed up on time and in hours we had a beautiful pergola to the specs we talked about. The three guys that did the building were very professional and concerned that I walked away happy.

That I did! Thank you!

# CUSTOM DESIGN

THERE ARE TIMES AND SITUATIONS WHERE OUR DESIGNS MAY NOT FIT YOUR NEEDS.  
THAT IS WHERE WE CAN HELP YOU WITH A CUSTOM SIZE PERGOLA.  
WE TRY TO COME AS CLOSE TO YOUR NEEDS AS POSSIBLE

You were very accommodating in meeting my special requests for a custom size pergola. It has proved to be very sturdy and very attractive. I requested a small pergola to house my orchid collection during the summer and I have found the orchids benefit from the improved air circulation. Very pleased with both pergolas.

- Phyllis P.

# EL GRANDE CEDAR

Nelson Miller constructed the perfect pergola for my patio. I could not be more pleased. I have received numerous compliments from neighbors. I am the envy of the neighborhood! I love my pergola.
